

**UNITED STATES BANKRUPTCY COURT
EASTERN DISTRICT OF KENTUCKY**

**CHANGES TO DOCKET EVENTS
RE: SCHEDULES AND PETITION DOCUMENTS
(Effective October 30, 2006)**

In order to accommodate requirements for statistical reporting, we have made some changes to the “events” you will need to docket when you are filing Schedules, Amended Schedules and any amendments to the bankruptcy petition.

The following items from the Miscellaneous pick list on the Bankruptcy Menu have been removed: Schedules (Fee Due); Schedules (No Fee); Amended Schedules (Fee Due) and Amended Schedules (No Fee.)

There is now one event called **Schedules**. This will present you with a pick list of Schedules A through J and you check the box beside the appropriate schedules to designate those that are being filed. You can choose just one, or all of them.

To file amended schedules, you will use a new event called **Amended Schedules A-H**. (There is still a separate event for Amended Schedules I and/or J.) This event will also present you with a pick list from which to choose.

All of these events – Schedules, Amended Schedules A-H and Amended Schedules I and/or J – will ask you for information that will be reported for statistical purposes if you file or amend Schedules A, B, D, E, F, I or J. For instance, if you use the event Amended Schedules and choose Schedule A from the pick list of schedules, you will be given a box in which you are to fill in the new total amount of Real Property.

For other amendments to the petition, there is a new event called **Amendment to Petition Pages**. This event will be used if you need to amend information on the three-page voluntary petition form only. For example, if you are amending to check the appropriate boxes under Exhibit D on page two of the petition. **This event cannot be used to file amendments to any of the documents that are typically filed with the voluntary petition form.** If you need to amend documents such as the Means Test or Statement of Intention, you will need to select from the pick list the specific events for those documents.

If you have any questions, please contact the CM/ECF Helpdesk.
